Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO - Science and Engineering Assoc., New Orleans, La., was awarded on Sept. 21, 2005 a \$20,000,000 indefinite-delivery/indefinite-quantity, letter contract with a cost-plus-fixed fee pricing arrangement, for a six-month period of performance. This contract is to provide systems engineering and technical service support for a number of critical Navy programs including: Support Equipment Management Systems, Metrology Automated System for Uniform Recall and Reporting, Joint Air Logistics Information System, Homeland Security Support to include life cycle sustainment of the Area Security Operations Command and Control/Homeland Security Online Services, the Defense Integrated Military Human Resource System, Navy Standard Integrated Personnel System, the Navy Reserve Orders Writing System, and the Job Advertising and Selection System. This contract includes a six-month option, which, if exercised, would bring the cumulative value of this contract to an estimated \$40,000,000. Work will be performed in Fort Worth, Texas (25 percent); Millington, Tenn. (25 percent); New Orleans, La. (20 percent); Washington D.C. (20 percent); Pensacola, Fla. (10 percent), and is expected to be completed by March 2006 (September 2006 with options). Contract funds will not expire at the end of the current fiscal year. This contract was not competitively procured because of the urgency involved in fulfilling this requirement. The Space and Naval Warfare Systems Center, New Orleans, La., is the contracting activity (N69250-05-D-0328). involved in fulfilling this requirement. The Space and Naval Warfare Systems Center, New Orleans, La., is the contracting activity (N69250-05-D-0328).
